# Additional Days School Year (ADSY) Program

**Purpose:** House Bill 3 by the 86th Texas Legislature added half-day formula funding for school systems that add up to 30 instructional days to any of their elementary schools starting in the 2020-2021 school year AND addresses summer learning loss.

## Reminders:

Campuses eligible for ADSY funding must:

- Serve at least one grade level within grades PreK-5th grade
- Have a campus academic calendar with at least 180 instructional days
- Have a campus academic calendar with at least 75,600 instructional minutes, not including staff development waivers
- Add up to 30 additional days of instruction in addition to the 180 instructional days in its regular academic calendar
- **Have a certified teacher deliver at least two hours of in-person instruction on designated ADSY days (these hours cannot be the same hours in ESY, Bil/ESL Summer, nor OFSDP Credit Recovery).**
- Include ADSY days separate from the regular instructional calendar days (e.g., ADSY days cannot be hosted in the second part of a regular instructional day)

# Additional Days School Year (ADSY) Program

## Reminders:

TEA has identified three potential routes forward for those districts looking to implement ADSY.

- **Option 1 - Voluntary Summer Learning:** Campuses hold a traditional 180-day calendar and have up to 30 days for something additional for a targeted subset of students, such as summer enrichment.
- **Option 2 - Intersessional Calendar:** Campuses conduct a regular calendar of 180 days spaced out over the full year, with intermittent breaks for targeted remediation with a subset of students.
- **Option 3 - Full Year Redesign:** Campuses conduct a revamped 210-day calendar and change daily schedules to decrease instruction time so it can be spread out over additional days and increase time for planning and student brain breaks.

**Resources:** [TEA ADSY](#), [TWEDS](#), [Summary of Finance](#)

- Students in Grade Levels EE – 6 are not eligible for CTE Flexible Attendance Reporting.
- Students in grades 7 and 8 can only be reported with CTE Attendance for high school CTE courses.
- A student can generate a maximum of six contact hours (360 minutes) per day for weighted funding purposes. However, all minutes of attendance in CTE coursework must be reported.
