LearnKey offers comprehensive, video-based skills and certification training that integrates into your learning program seamlessly with our flexible delivery options.

**Innovative Tools**

- Flexible computer-based certification and skills training for staff, students, and faculty
- Pre and post assessments to gauge understanding and readiness for certification exams
- Tracking and reporting tools automatically help pinpoint precise video segments for student review
- Project-based learning lessons and workbooks with hands-on activities to help reinforce what the students are learning

**Photoshop CC**

Full-motion digital video available anytime, anywhere, with an Internet connection.

**A+ 900 Series (901 & 902)**

Interactive labs help to strengthen the power of the self-paced learning environment.

**Computer Foundations**

Expert-led instruction. Pass the test and retain the knowledge.
