

2017 SOUTH TEXAS STEMSUMMIT

ISLA GRAND BEACH RESORT
SOUTH PADRE ISLAND, TX

FEBRUARY 23-24, 2017

Register Today for workshop 55378 @ www.esc1.net

The STEM Center of South Texas invites you to the *2nd Annual South Texas STEM Summit* hosted by the Region One ESC. STEM programs of all types will benefit from learning experiences under the theme *"Connected Minds, Connected Futures."* The Summit will feature two days carefully designed to serve multiple needs.

FEE: \$200

Day 1 - Summit Seminars - In-depth, 3-hour, focused instructional modeling using PBL with embedded resources.

Day 2 - Summit Sessions - Hourly presentations using a traditional conference schedule designed to offer a broad showcase of leading STEM resources, regional teacher best practices, vendor presentations, and STEM content connections in a variety of formats.

Event Contact: Dalia Gracia, dgracia@esc1.net (956) 984 - 6242

#STEMsummit17

Day 1

STEM Seminars

Thursday, February 23, 2017

"The STEM seminars really gave me a chance to learn at my pace, hands-on, focus on my learning using amazing but complex tools and resources...I had someone there to guide and coach me along...it made a big difference and I know I will do the same with my students."

Gilbert Gonzalez
Computer Science Teacher
T-STEM Academy, Lyford CISD

Day 2

STEM Sessions

Friday, February 24, 2017

"Having a local event where we get to see and experience STEM education, what's out there, and build capacity is just what we need right here in our backyard"

Roman E. Gomez
District STEM Coordinator
Brownsville ISD

STEM ART CHALLENGE

1 entry per campus for a chance to win a STEM classroom resource package (robots, materials, gadgets, and more!) Visit <http://bit.do/STEMart17> for guidelines and registration.
