

TEA SPECIAL ALLOTMENT MONITORING PROGRAM

TEA is implementing a new Special Allotment Monitoring Program (SAMP). It's specifically designed to focus on LEA compliance and accountability related to six special education programs listed below:

1. Bilingual Education & English as a Second Language Education (BE/ESL) – **52%**
 2. State Compensatory Education (SCE) – **52%**
 3. Special Education (SPED) – **52%**
 4. High School Education (HS) – **100%**
 5. Career & Technical Education (CTE) – **58%**
 6. Gifted & Talented Education (GT) – **55%**
- Refresh your knowledge of mandated direct cost utilization requirements, and program intent codes used to calculate your three-year rolling average calculation.
 - Gain an understanding of how the TEA will audit your supplemental state allotments funds for regulatory compliance.
 - Get your questions addressed about allowable program costs and provide TEA feedback before the SAMP rolls out.
 - Understand how to volunteer as a pilot school for the SAMP pilot process

Workshop #60533
