

Your Health & Safety is Our Main Concern

Region One ESC wants you to feel safe and comfortable when visiting our facility. We have taken necessary precautions, based on CDC and health authority guidelines, to ensure that our ESC facility is well-maintained so that when you visit us for your professional development needs, you can focus solely on your learning!

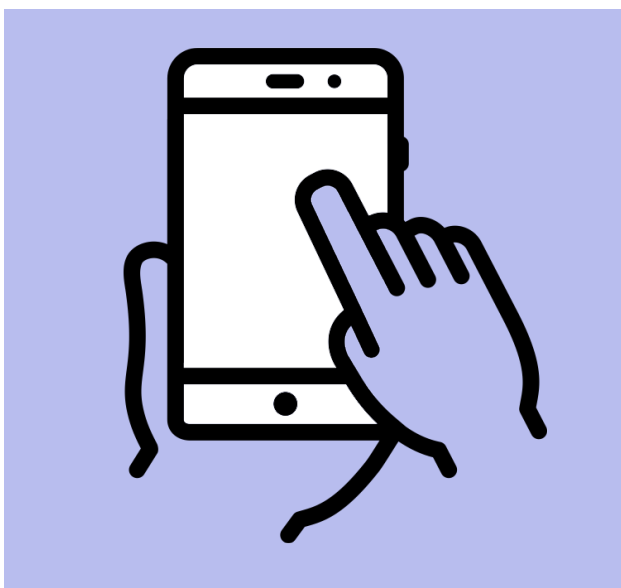

ENHANCED CLEANING

- Thorough cleaning of frequently touched surfaces (door handles, railings, elevators) throughout the day
- Frequent use of hydrostatic sprayers to disinfect and sanitize
- Monthly filter replacements to maintain fresh air throughout the ESC facility

SOCIAL DISTANCING

- Socially distanced room arrangements
- Reduced room capacities to ensure CDC recommended social distancing

REDUCED CONTACT

- Remote, touch-less check-in
- No-touch hand sanitizer dispensers placed strategically throughout public areas of all ESC facilities.

This is a team effort---we are doing our best to ensure a healthy environment and we ask that you continue to do your part! **Wearing of a mask** in all ESC facilities is optional, **use hand sanitizer dispensers** located throughout the facilities, and while we know you want to network with your colleagues, please do so from a

(OPTIONAL)

If you identify areas of concern within the ESC facility, please notify our Region One Facilities & Operations Department at (956) 984-6014.
