

# REGION ONE MATHEMATICS DEPARTMENT

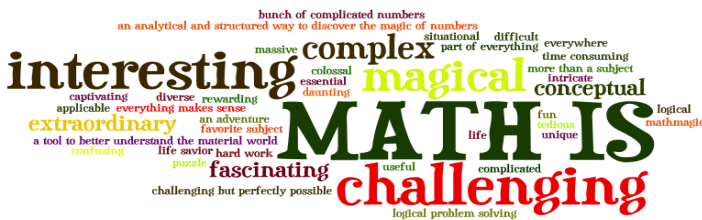

Internalizing Mathematics Across the Learning Spectrum

All Sessions will be Face-to-Face. Safety Guidelines and precautionary measures will be followed to allow for a more comfortable face to face experience.

# Math STAAR End Game Planning

## Analyzing-Aligning-Strategizing for Student Success

This grade specific forward action planning session will guide participants through practical processes of in-depth analysis of the 2021 Math STAAR to identify trends in student standardized assessment performance. Participants will engage in discussions of content alignment, objective reinforcement, interventions, and accelerated practices to effectively increase Mastery of Math Content. Analysis of **MATH STAAR QUESTIONS** along with data analysis will target under-developed concepts, misconceptions, and determine appropriate vertically aligned approaches and adjustments to effectively increase student performance.

### Workshop Registration & Information:

All workshops will be held face to face at the Region One ESC-Edinburg.

### Online Registration

<https://apps.esc1.net/ProfessionalDevelopment/RegionOne>

Fee: \$125 per participant
